THE CONCEPT

To provide an “*as close as possible*” rallye-raid experience.

Loco for Motos provides the bike, the gear, the training, the know-how and the support to enable you to “dip your toes” into the world of rallye-raid riding.

Come and participate in your own rallye-raid without the expense of setting up your bike, equipment, support package and entry fees, not to mention logistics etc.

We provide the prepared bikes and teach you how to get the most out of them, with rider and navigation training.

We provide you with road books from the latest Moroccan rallye events, to give you the most up to date experience.

Note: The average cost of a first rallye raid including bike purchase and all that is necessary is 25'000 euros! Take a Loco for Motos rallye-raid Tour and “**try before you buy**”.
